WARNING: To avoid serious or fatal injury during and following any seat belt or child restraint anchor service, carefully inspect all seat belts, buckles, mounting hardware, retractors, tether straps, and anchors for proper installation, operation, or damage. Replace any belt that is cut, frayed, or torn. Straighten any belt that is twisted. Tighten any loose fasteners. Replace any belt that has a damaged or ineffective buckle or retractor. Replace any belt that has a bent or damaged latch plate or anchor plate. Replace any child restraint anchor or the unit to which the anchor is integral that has been bent or damaged.

Never attempt to repair a seat belt or child restraint component. Always replace damaged or ineffective seat belt and child restraint components with the correct, new and unused replacement parts listed in the Mopar® Parts Catalog. Failure to follow these instructions may result in possible serious or fatal injury.

66

AVERTISSEMENT: Pour éviter des blessures graves, voire mortelles pendant et après un service d'ancrage de la ceinture de sécurité ou de retenue pour enfant, soigneusement inspecter toutes les ceintures de sécurité, les boucles, le matériel, les rétracteurs, des sangles d'attache, et les ancrages de fixation pour une installation correcte, le fonctionnement ou les dommages. Remplacer toute courroie qui est coupé, effiloché ou déchiré. Redresser toute ceinture qui est tordue. Serrez les fixations desserrées. Remplacer toute courroie qui a une boucle ou écarteur endommagés ou inefficaces. Remplacer toute courroie qui comporte une plaque ou d'ancrage plaque de verrouillage plié ou endommagé. Remplacer tout ancrage de retenue pour enfant ou l'unité à laquelle l'ancre est solidaire qui a été plié ou endommagé.

Ne jamais tenter de réparer un composant de ceinture de sécurité ou de retenue pour enfants. Toujours remplacer la ceinture de sécurité et de retenue pour enfants composants endommagés ou inefficaces avec les pièces de rechange correctes, nouveaux et inutilisés figurant dans le catalogue Mopar. Le non-respect de ces instructions peut entraîner des blessures graves, voire mortelles.

ADVERTENCIA: Para evitar lesiones graves o mortales durante y después de cualquier servicio de anclaje del cinturón de seguridad o sistema de retención infantil, es importante verificar todos los cinturones de seguridad, hebillas, hardware, retractores, correas de sujeción y anclajes de montaje para su correcta instalación, funcionamiento o daños. Reemplazar cualquier cinturón que se corta, desgastado o roto. Enderezar cualquier cinturón que se hace girar. Apriete los sujetadores sueltos. Reemplazar cualquier cinturón que tiene una hebilla o retractor dañado o ineficaz. Reemplazar cualquier cinturón que tiene una placa de placa de anclaje o enganche doblado o dañado. Reemplazar cualquier anclaje de retención infantil o de la unidad a la que el anclaje es integral que ha sido doblado o dañado.

Nunca intente reparar un componente del cinturón de seguridad o sistema de retención infantil. Siempre reemplace los componentes del cinturón de seguridad y sistemas de retención infantil dañadas o ineficaces con las piezas de repuesto correctas, nuevos y sin uso que figuran en el catálogo de piezas de Mopar. El incumplimiento de estas instrucciones puede causar lesiones graves o mortales.
